Operation Inasmuch

June 10, 2022

Operation Inasmuch is a worldwide ministry that comes alongside churches and pastors to equip and motivate them to obey the biblical mandate to minister to the “least of these.” Using the Inasmuch model of compassion ministry, we empower believers to live out their calling to serve others and experience the joy that comes from serving. We encourage pastors who want to see their church connected in their community but don’t have the time or training to do it on their own. We show believers how they can create opportunities to share the gospel by doing the gospel. This was to pack meals to send to the Ukraine.
